Subject: RE: NI Network Gas Transmission Code - Proposed Modification No.3

Dear Stephen/GMO

Thank you for the opportunity to provide feedback on this proposed change. We have only one suggested edit, so I am passing that through by email rather than drafting a full response document.

We propose to clarify the text in 18.1.10 to add the word “due”:

“until such time as the Shipper has paid all amounts which fall **due** to be paid by it in respect of Gas Year Y”

Please let me know if you require any clarification.

Best regards

Kirsty
